On the Operations Field, next to the Construction Debris Collection area. The Operations Field is at the bottom of the hill, across from the Trash Transfer Building. Please pay first at the scale house.

**Look for and follow these signs...**

**More information about Leaves.** Annually, from approximately November 1 through December 31, leaves are specifically segregated from all other yard waste for contract and operational reasons. A separate pile will be designated for leaves. All leaves brought to the Holly Hill facility should be delivered to the designated/marked location (look for the red Maple leaf signs). At all other times, January through October, leaves may be mixed with regular yard waste.
