

IMAGINE...

IMAGINE...

IMAGINE...

...always having local, pristine waters for swimming, boating and recreation

IMAGINE local coastal waters thriving with oysters, clams, scallops and other culinary delights to enjoy at the Susie Baker Pavilion on Greenwich Point

IMAGINE strolling along the shore with your children and witnessing the migration of birds

IMAGINE clean drinking water for generations to come

HOW WE CAN DO IT

The Town of Greenwich has partnered with the University of Connecticut to investigate the natural resources in Greenwich and preserve its beauty for our citizens, now and in the future

WORKING TOGETHER

- 1 **SOUND** science for conservation efforts
- 2 **KIDS, PARENTS AND GRANDPARENTS** helping to preserve the natural beauty of Greenwich
- 3 **TOGETHER** we can create a model for neighboring coastal towns

THE GREENWICH-UCONN PARTNERSHIP
